Las Piñas, Philippines | consignadofranz@gmail.com | 09766566775 | LinkedIn

PROFESSIONAL SUMMARY

Information Technology graduate with internship experience at Deloitte Philippines under Controls Assurance, with exposure to IT audit, IT controls review, user access review, data privacy, and evidence validation against COBIT 2019 and BSP guidelines. Detail-oriented, analytical, and committed to continuous learning through cybersecurity training, hands-on lab exercises, and professional development. Eager to apply my knowledge, strengthen my technical skills, and contribute to organizational goals.

PROFESSIONAL EXPERIENCE

Controls Assurance Intern, Deloitte Philippines **Mar 2026 to Jun 2026**

Taguig

- Analyzed client evidence items for completeness, accuracy, and consistency, flagging discrepancies and documenting observations for senior review.
- Supported control validation against COBIT 2019 and applicable BSP guidelines, documenting potential gaps and risks for engagement reporting.
- Built and maintained Excel trackers to organize findings, monitor engagement progress, and keep records ready for review.
- Assessed business process information for Personally Identifiable Information (PII), checking necessity, handling, and protection against data privacy requirements.
- Performed user access review by comparing access lists to current employee records to confirm access was limited to authorized, active personnel.

EDUCATION

STI College Las Pinas, Las Piñas City **2022 to Jul 2026**

Bachelor of Scinece in Information Technology
